NARRATIVE:

Randy Cerda is a documented gang member with an extensive adult criminal history that began at the age of 18. His convictions include assault with a deadly weapon, firearm access violation, robbery, possession of narcotics, multiple burglaries, forgery, transportation of controlled substances, multiple cases of possession of controlled substances, vandalism, metal knuckles violation, switchblade knife, knife weapons violation, being under the use of PCP and intoxicated by drugs and alcohol. He has served multiple state prison terms, the longest being an 11 year term for passault with a deadly weapon. Cerda was released from state prison to the supervision of the Los Angeles County Probation Department on September 10, 2016. Under the Governor's Public Safety Realignment Act of 2011, better known as Assembly Bill 109 (AB 109) the responsibility of lower-level offenders was shifted from the State to Los Angeles County. He subsequently failed to report to his probation officer and an arrest warrant was issued in September 2016 after he absconded from post release community supervision (PRCS). Cerda qualified to be released to the supervision of probation, under AB 109, because his current commitment offense for a metal knuckles violation is defined as non-serious and non-violent under the California penal code. His criminal history, gang member status and current failure to comply with the terms of release make him a most wanted. If you know his whereabouts please contact...
